Thank you, Flat Earthers!

Between fake news, conspiracy theories, and conflicting news reports, truth seekers today have to really dig to find the facts. One topic that has long been a subject of ridicule is the theory of a flat earth.

WHO HASN'T SEEN IMAGES showing ships teetering at the very edge of a flat earth, just about to sail over the edge? Such images underscore how ludicrous the theory of a flat earth is, where one could walk right up to the edge and, whoops! Better be careful you don't trip and fall!

Right?

The problem in finding the truth when dealing with any widely ridiculed idea is that people tend to dismiss the subject without first giving the evidence a chance to present an alternative explanation. And the truth is, spherical geometry very quickly establishes the world does, indeed, have a flat surface.

This is easily proven by the fact that, if the world truly is nearly 24,000 miles around at the equator as we've always been told, it is a simple math equation to discover that we can actually see further in line-of-sight than we should be able to, based on the curvature of a world that is 24,000 miles around at the equator.

Alien invasion—not!

NO, JUMPING OFF THE EDGE OF THE WORLD is not the newest, easiest way to commit suicide. You cannot actually fall off the edge of the world, since it is enclosed. However, the significance of this new understanding cannot be overlooked. The implications are very far reaching.

In 2011, after much careful study, the team at World's Last Chance (WLC) discovered that the "first woe" spoken of in Revelation 9 was describing an invasion of demons, disguised to appear as aliens. Hollywood has long been molding the perceptions of the world's masses. Movies such as ET, Men in Black, and the Transformers series, not to mention science fiction television shows like Star Trek in its many varied incarnations, have all shaped an expectation of legitimate alien life forms "out there"—most of which are presented as hostile to human life on earth.

This is all part of Satan's end time plan to deceive the world.

What this means

WHEN WLC FIRST LEARNED Revelation 9 was describing an end-time delusion of demons pretending to be aliens, we also believed in a round earth circling the sun through billions of miles in space.

Now, through the selfless and much-maligned work of researchers who have not been afraid to spread the truth about the earth's actual geography, we have a clearer understanding of this prophecy. Scripture also supports a flat, enclosed earth (not surprising because truth will never contradict itself).

The truth is: while the surface of the earth can be proven to be flat by spherical geometry, it is not possible to just sail (or trip) off the edge of the world. A vaulted dome encloses the earth just as Scripture always described.

If there are other creatures that live beyond our world, they are holy beings that have never fallen. They would never wage a war against humans.

The First Woe

The reality of a flat, enclosed earth establishes more than ever that any "alien" presence or invasion is nothing but a satanic deception.

The alien invasion described in Revelation 9 is no different. When Satan is given the key to the bottomless pit, hordes of demons will be allowed to overrun the earth for 150 days.

I saw a star fall from heaven unto the earth: and to him was given the key of the bottomless pit. And he opened the bottomless pit; and there arose a smoke out of the pit, as the smoke of a great furnace; and the sun and the air were darkened by reason of the smoke of the pit.

And there came out of the smoke locusts upon the earth: and unto them was given power, as the scorpions of the earth have power. And it was commanded them that they should not hurt the grass of the earth, neither any green thing, neither any tree; but only those men which have not the seal of Yah in their foreheads.

And to them it was given that they should not kill them, but that they should be tormented five months: and their torment was as the torment of a scorpion, when he striketh a man. And in those days shall men seek death, and shall not find it; and shall desire to die, and death shall flee from them. (Revelation 9:1-6)

This horrific experience is allowed in mercy to awaken souls to the dire reality of the end of the world and the importance of making a full surrender to the Creator before it is forever too late.

Jesuits & Astronomy

THE JESUITS ARE BEHIND PROMOTION of the heliocentric model of a globe earth, as opposed to the Scriptural geocentric truth of a flat, enclosed earth. The Society of Jesus has produced more astronomers than any other religious order in history. These religious pseudo-scientists have had an active role in shaping the perception of the world as vulnerable to alien attack by extraterrestrials.

And no wonder! When the "alien" invasion foretold in Revelation 9 occurs, the pope will be the popular choice to serve as mankind's representative in peace talks with the "aliens". The authority this new, powerful position brings will allow him to influence world leaders to make laws enforcing worship on a false day, calculated by the papal, Gregorian calendar. Protestant denominations will fall into line as they have all embraced the Jesuits' heliocentric heresy and worship on the papal calendar.

The self-sacrificing efforts of the Flat Earthers to reveal truth removes any excuse to be deceived when the events foretold occur. The demonic/alien—possibly hybrid—invasion is for one purpose only: to create an environment in which conformity is a logical price to pay for safety. But it is all a complex deception designed to enforce the mark of the beast through worship on a false day.

Don't be deceived.
